2. CORE DESCRIPTION

The Missouri Arts Council provides matching grants to Missouri non-profit, tax-exempt organizations. MAC encourages and stimulates the growth, development, and appreciation of the arts in Missouri by funding quality arts programming. Grant categories include: arts education, arts services, community arts, and discipline programs (i.e. dance, theater, music, festivals, etc.). Applicants must demonstrate that their art projects have high artistic quality and that the organization has sound administration and financial management skills. Applicants include but are not limited to: arts organizations; community arts agencies; K-12 schools; colleges and universities; art museums, city agencies and chambers of commerce that present art to their communities. Funding recommendations are made by advisory panels of Missouri citizens. Their review criteria are based on - artistic excellence, community involvement, management ability, and diversity of the audience served. All MAC-supported activities must be open and accessible to the general public. The \$500,000 in General Revenue represents 9% of MAC's total program funding. Federal dollars fund 11% of MAC's programs. The MAC Trust Fund provides funding for 80% of MAC's programs and 100% of MAC'S operations. This core decision item establishes the spending authority for the fund (Missouri Arts Council Trust Fund). In January 2010, monies will be returned to the Arts Council Trust Fund from the Missouri Investment Trust Fund pursuant to 30.954, RSMo. As of September 2008, the amount that will be returned is \$25,768,975.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Arts Council Programs

Program is found in the following core budget(s): Missouri Arts Council

1. What does this program do?

Arts Council Programs fund over 500 Missouri tax-exempt, non-profit organizations in over 110 communities for their arts programming. All grants must be matched at a minimum of 1:1. MAC grants serve every Missouri Senate district and 74% of the House districts. Since MAC receives \$500,000 in General Revenue, the vast majority of our programs and all of our operations are funded from the Missouri Arts Council Trust Fund.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 185.010 - 185.100 RSMo; Section 143.183 RSMo.

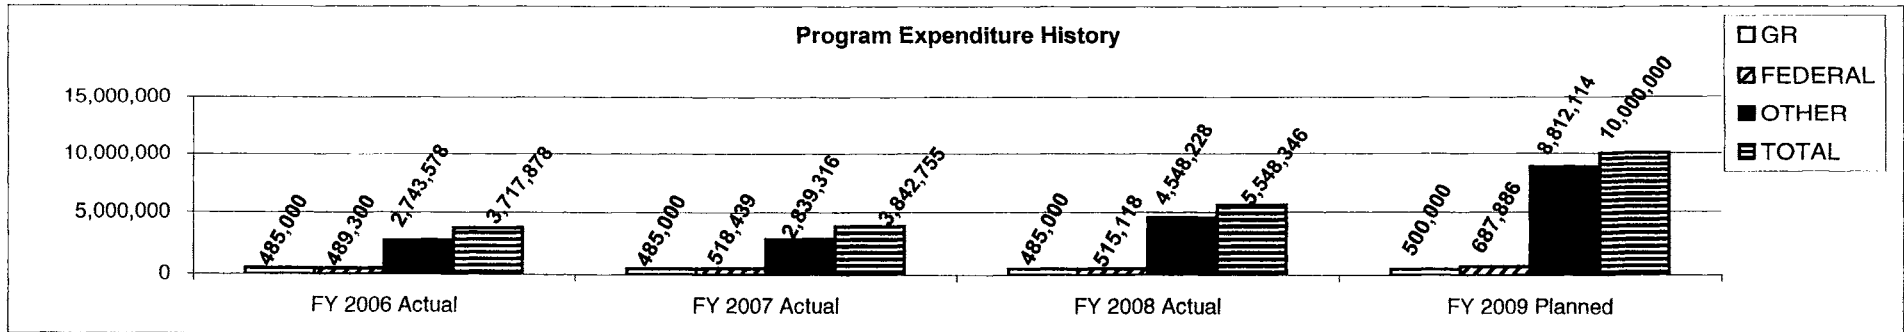

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other" funds?

The original source of funds is from the non-resident professional athletes and entertainers tax as mandated in 143.183, RSMo. The amount provided in "Other" is MAC Trust Spending Authority. The transfer needed for this is from General Revenue to Missouri Arts Council Trust Fund (0262).

\$40,315 is requested in additional spending authority for the Missouri Arts Council. The MAC will use this spending authority for program distributions on an anticipated federal funds increase from the National Endowment for the Arts. According to statute, the Missouri Arts Council has a \$10,000,000 spending authority cap on the total amount of all their program funding. This request of \$40,315 will increase their spending authority to the statutory cap and enable them to utilize the full amount of \$10,000,000.

2. CORE DESCRIPTION									
<p> This core decision item is the required General Revenue transfer that provides funding to a majority of Missouri Arts Council (MAC) programs and its entire operating budget. MAC provides matching grants to Missouri non-profit, tax-exempt organizations. MAC encourages and stimulates the growth, development, and appreciation of the arts in Missouri by funding quality arts programming. From FY2004-2007, the Missouri Arts Council Trust Fund sustained most of the MAC's programs and operations. During FY2008, MAC received a \$7.566 million transfer into the MAC Trust Fund. With this funding, MAC increased program funding by \$1.7 million and increased the MAC Trust Fund balance by \$3.1 million. For FY2009, MAC is scheduled to receive a \$10.8 million transfer into the MAC Trust Fund, of which, \$3.0 million is increased funding. Of this \$3.0 million increase, \$2.7 million will be used for existing programs and operations as well as new initiatives, such as Art Builds Communities, providing arts programming in unfunded Legislative Districts, and in the Governor's DREAM communities to increase overall economic growth. The remaining \$300,000 will be used to build the Trust Fund's corpus. The MAC Trust Fund currently funds 80% of MAC's programs and 100% of MAC's operations. This transfer represents a share of the Non-Resident Professional Athletes and Entertainers Tax as mandated in Section 143.183, RSMo. In January 2010, monies will be returned to the Arts Council Trust Fund from the Missouri Investment Trust Fund pursuant to 30.954, RSMo. As of September 2008, the amount that will be returned is \$25,768,975. </p>

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Missouri Arts Council Trust Fund Transfer

Program is found in the following core budget(s): Missouri Arts Council Trust Fund Transfer

1. What does this program do?

For FY2009, MAC is scheduled to receive \$10.8 million into this Trust Fund. This transfer represents a share of the Non-Resident Professional Athletes and Entertainers Tax as mandated in Section 143.183, RSMo. Since the Missouri Arts Council receives only \$500,000 in General Revenue, the Missouri Arts Council Trust Fund continues to support most of the Missouri Arts Council's programs and administration (\$7.8 million) as well as the Trust's Capital Incentive Program (CIP) (\$596,000). The CIP (Capital Incentive Program) provides annual support to the 25 arts organizations that raised endowment funds or built and renovated facilities for arts performances or exhibitions. Funding from the Missouri Arts Council Trust Fund leveraged \$26 million in private support for the participating arts organizations for their endowments or building projects.

MAC funds over 500 Missouri tax-exempt organizations in over 110 communities for their art programming. MAC grants serve every Missouri Senate district and 74% of the House districts. Our grantees produced 11,600 arts events attended by approximately 8.0 million people. MAC grantee organizations generated \$76.5 million in operating income; provided 5,000 full and part-time jobs; hired over 46,000 artists; and paid \$120 million in salaries, which generated about \$3.6 million in state tax revenues. Over 34,700 Missourians volunteered a total of 809,000 hours for the arts to support the 11,600 arts events.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 185.100 RSMo., Section 143.183 RSMo.

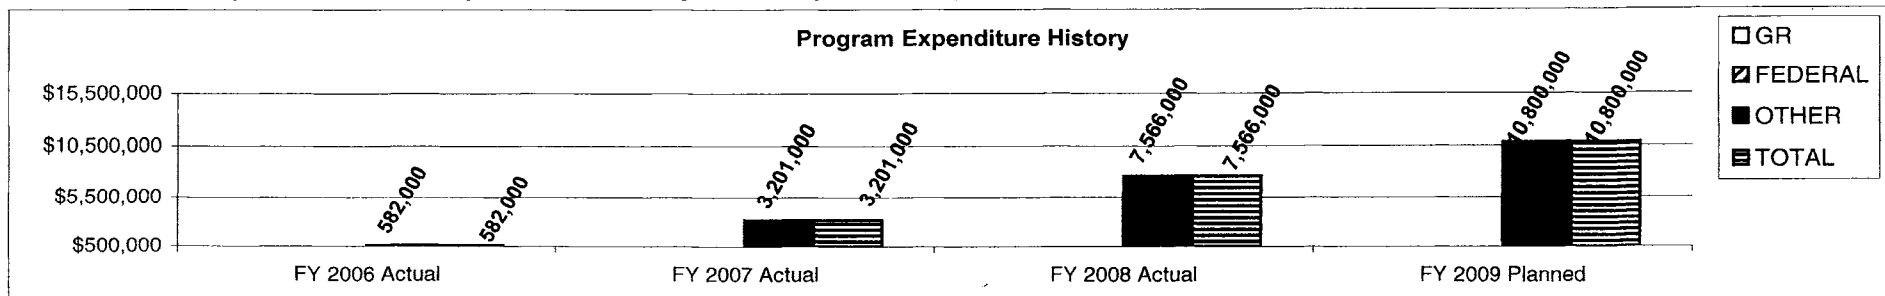

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Original source of funds is the non-resident professional athletes and entertainers tax . Transfer from GR to MO Arts Council Trust Fund (0262)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

A \$7,620,000 transfer increase is requested for the Missouri Arts Council Trust Fund (0262). This transfer increase would be used primarily to restore the Trust Fund's corpus to 2003 levels and to increase existing grant program funding support to full funding levels. MAC will continue to fund programs in unfunded and under-funded Greater Missouri Legislative Districts while not reducing funding to the St Louis and Kansas City metropolitan areas. MAC will also provide capacity building and technical assistance grants to small and mid-size non-profit arts organizations. The increased funding will enable these non-profit arts organizations to help grow Missouri's overall economy by hiring new staff, upgrading facilities and equipment, and developing new arts activities and events presented to 8.0 million Missouri citizens and visitors.

A total of \$18,420,000 (\$10,800,000 core and this request of \$7,620,000) would be transferred to the Missouri Arts Council Trust Fund (0262). These funds represent a portion of the revenue collected from Non-Resident Professional Athletes and Entertainers (A&E) Tax in accordance with Section 143.183, RSMo. The \$18,420,000 million represents 60% of 100% of the estimated A&E tax collection of \$30.7 million. (Actual FY08 revenue was \$28.055 million.) This request follows the Governor's formula of increasing the percentage by 25% each year to reach 100%.

2. CORE DESCRIPTION

This core decision item establishes the spending authority for the Missouri Humanities Council (MHC). The authority allows MHC to use the funds accruing on \$3.9 million in the Missouri Humanities Council Trust Fund, which would benefit and improve local heritage institutions and organizations. Many local institutions were energized by the Lewis and Clark commemoration a few years ago. They are now engaged and are intent on upgrading their services. They are learning how to better tell their stories more effectively as they prepare for increased interest in museum and historical activities related to the upcoming Civil War sesquicentennial followed by the statehood bicentennial in 2021. MHC plans to request annual appropriations from the Missouri Humanities Council Trust Fund to leverage exemplary improvements in the grassroots museums, historical societies, historic houses and other local organizations. In January 2010, monies will be returned to the Humanities Council Trust Fund from the Missouri Investment Trust Fund pursuant to 30.954, RSMo. As of September 2008, the amount that will be returned is \$998,684.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Humanities Council (MHC) is requesting a spending authority increase of \$50,000 for a total spending authority of \$300,000. This authority allows MHC to use funding from the \$3.9 million in MHC's Trust Fund to support 4 major cultural heritage programs: READ from the START; Living History; "21st by 21" Museum Services and Cultural Heritage Development Grants. These programs will enable MHC to reach diverse institutions and organizations statewide, mostly in non-metropolitan areas. Without this increased spending authority, MHC will be unable to serve increasing demand for its programs and services. Many local institutions are upgrading their services and activities related to the upcoming Civil war sesquicentennial followed by the approaching statehood bicentennial in 2021.

2. CORE DESCRIPTION

This core decision item is the required General Revenue transfer that provides funding for the Missouri Humanities Council Trust Fund. Missouri heritage institutions, which include many important cultural tourism assets, are seriously challenged by needs involving a full range of services to the public. These challenges include: insufficient interpretation and conservation of historical objects, documents, and textiles; major changes in the way local institutions adapt to changing demographics; and the influx of new cultural groups and traditions. The Missouri Humanities Council Trust Fund will generate a corpus that can provide substantially larger grants to move local cultural institutions toward best practices in the field. This will have a positive impact on quality of life statewide and on tourism as organizations better involve the public and attract visitors. Transfers to the Missouri Humanities Council Trust Fund represent an investment in a cultural endowment which will be used to support substantial infrastructure improvement projects in the cultural sector throughout Missouri. In January 2010, monies will be returned to the Missouri Humanities Council Trust Fund from the Missouri Investment Trust Fund pursuant to 30.954, RSMo. As of September 2008, the amount that will be returned is \$998,684.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Missouri Humanities Council Trust Fund Transfer

Program is found in the following core budget(s): Missouri Humanities Council Trust Fund Transfer

1. What does this program do?

The Humanities Council requests annual appropriations to the Missouri Humanities Council Trust Fund to leverage exemplary improvements in the grassroots museums, historical societies, historic houses and other local organizations. Transfers to the Missouri Humanities Council Trust Fund represent an investment in a cultural endowment, which will be used to support substantial infrastructure improvement projects in the cultural sector throughout Missouri. The Missouri Humanities Council plans to continue support of living history festivals; provide traveling historical exhibitions, such as our current Smithsonian exhibition; and provide consulting services and workshops and financial support to museums and other historical organizations in Missouri communities as well as assist them in increasing and improving their use of technology in their activities. This will have a positive impact on quality of life statewide and on tourism as organizations better involve the public and attract visitors.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 186.050 - 186.067 RSMo; Section 143.183 RSMo.

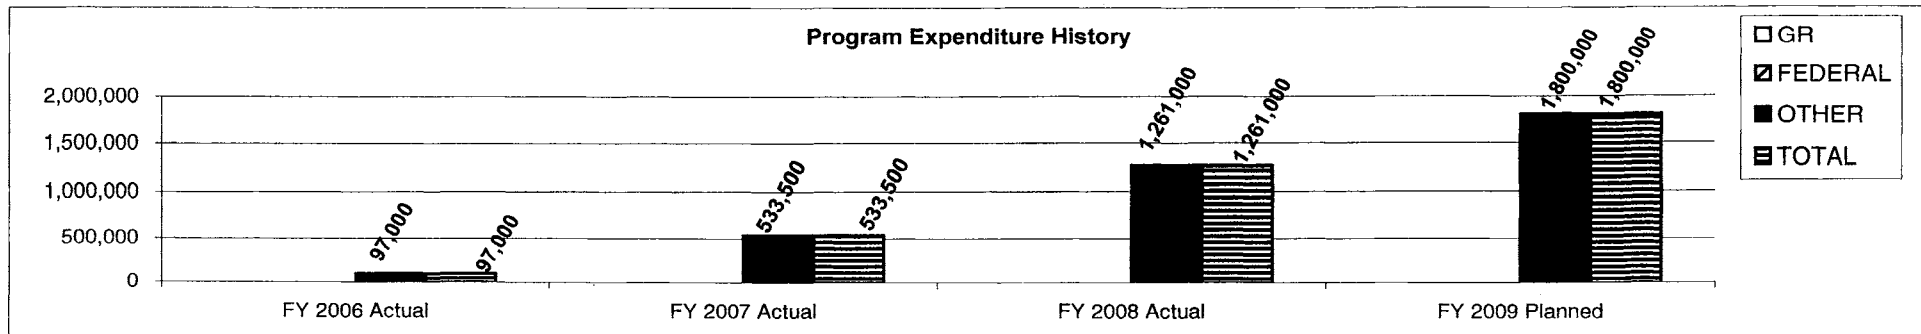

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other" funds?

The original source of funds is the non-resident professional athletes and entertainers tax as mandated in 143.183, RSMo. It requires a transfer from General Revenue to the Missouri Humanities Council Trust Fund (0177)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

A \$1,270,000 transfer increase is requested for the Missouri Humanities Council Trust Fund (0177). Missouri heritage institutions, which include many important cultural tourism assets, are seriously challenged by needs involving a full range of services to the public. Some of these services include: insufficient conservation of historical objects, documents, and textiles; major changes in the way local institutions adapt to changing demographics; and the influx of new cultural groups and traditions. The Missouri Humanities Trust Fund (0177) will generate a corpus that can provide substantially larger grants to move local heritage institutions toward best practices in the field. This will have a positive impact on quality of life statewide and on tourism as organizations better involve the public and attract visitors. Transfers to the Humanities Trust Fund represent an investment in a cultural endowment which will be used to support substantial infrastructure improvement projects in the cultural sector throughout Missouri.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The \$1,270,000 in new funds transferred to the Missouri Humanities Trust Fund (0177) in FY10 represents a portion of the Non-resident Professional Athletes and Entertainers Tax (A&E tax), as described in Section 143.183, RSMo. A total of \$3,070,000 (\$1,800,000 core and \$1,270,000 Trust transfer increase) would be transferred into the Missouri Humanities Trust Fund (0177). This \$3,070,000 million represents 10% of 100% of the estimated A&E collection of \$30.7 million. (Actual FY08 revenue was \$28.055 million.) This request follows the Governor's formula of increasing the percentage by 25% each year to reach 100%.

2. CORE DESCRIPTION

This core decision item establishes the spending authority for the Public Radio and Television core. The Missouri Arts Council assumed responsibility for granting state funds to public television beginning FY2007. As a state program for public broadcasting services, the funds will be used for local programming related to the needs and problems of the community served by the broadcast licensee. The 4 public television stations contribute significantly to Missouri's educational and cultural enrichment and reach 2.9 million people annually. The 12 public radio stations reach 1.8 million people annually. MAC will use the grant agreement process to ensure the accountability of public funding to the broadcasting stations. The grants are divided into two categories: an annual basic service grant and an operating grant. The basic service grant is equal to 35% of the total amount appropriated and is divided equally among the four qualifying public television stations. The remainder of the appropriation is distributed as an operating grant in the same proportion as the station's total operating expenses bear to all stations' operating expenses. The qualifying stations must provide a certification of operating and programming expenses for the prior fiscal year to the Missouri Arts Council. Based on the operating expenses, the availability of funds, and in accordance with the authorizing legislation, MAC will determine the amount of funds that each public television station is to receive. The stations are required to send an annual report on how the state funds were used.

Since FY 2007, the Missouri Arts Council has been responsible for distributing State funding to Missouri's public television and radio stations in accordance with Sections 185.200-185.230 and Section 143.183, RSMo. Missouri's 4 public television stations and 12 radio stations have an audience of over 4.7 million people according to the Nielsen and Arbitron ratings. The funds requested represent a portion of revenue collected from Non-Resident Professional Athletes and Entertainers Tax and are distributed (75%) to four public television broadcasting stations and (25%) to 12 public radio stations, as outlined in Section 143.183, RSMo. The stations are also under the authority of Section 73.621 of the Federal Communications Commission rules and regulations as a noncommercial educational or public broadcasting station.

2. CORE DESCRIPTION

This core decision item is the required General Revenue transfer that provides funding for the Missouri Public Radio and Television core. The Missouri Arts Council assumed responsibility for granting state funds to public television and radio stations beginning in FY2007. MAC will use the grant agreement process to ensure the accountability of public funds distribution. The 4 public television and 12 radio stations contribute significantly to Missouri's educational and cultural enrichment and are a valuable state resource. Section 143.183, RSMo., enables revenue collected from the Non-Resident Professional Athletes and Entertainers Tax to be transferred (through General Revenue) to the Public Broadcasting Corporation Special Fund. Public TV stations will receive 75% of the funds to be distributed; the remaining 25% will be distributed to the public radio stations. The state funds received are to be used for local programming related to the needs and problems of the community served by the broadcast licensee.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Public Broadcasting Community Service Programs

Program is found in the following core budget(s): Missouri Public Broadcasting Corporation Special Fund Transfer

1. What does this program do?

The Missouri Arts Council assumed responsibility for granting state funds to public television stations beginning in FY2007. Section 143.183, RSMo., enables revenue collected from the Non-Resident Professional Athletes and Entertainers Tax to be transferred to the Public Broadcasting Corporation Special Fund. The 4 public TV stations will receive 75% of the funds to be distributed; the remaining 25% will be distributed to the 12 public radio stations. The state funds received are to be used for local programming related to the needs and problems of the community served by the broadcast licensee. MAC will use the grant agreement process to ensure the accountability of public funds distribution to the broadcasting stations. The grants are divided into two categories: an annual basic service grant and an operating grant. The basic service grant is equal to 35% of the total amount appropriated and is divided equally among the four qualifying public television stations. The remainder of the appropriation is distributed as an operating grant in the same proportion as the station's operating expenses bear to all stations' operating expenses. The 4 Missouri public television stations reach 2.9 million people annually according to the Nielson ratings. The 12 Missouri public radio stations reach 1.8 million people annually according to the Arbitron ratings.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 185.200 - 185.230 RSMo. Section 143.183 RSMo.

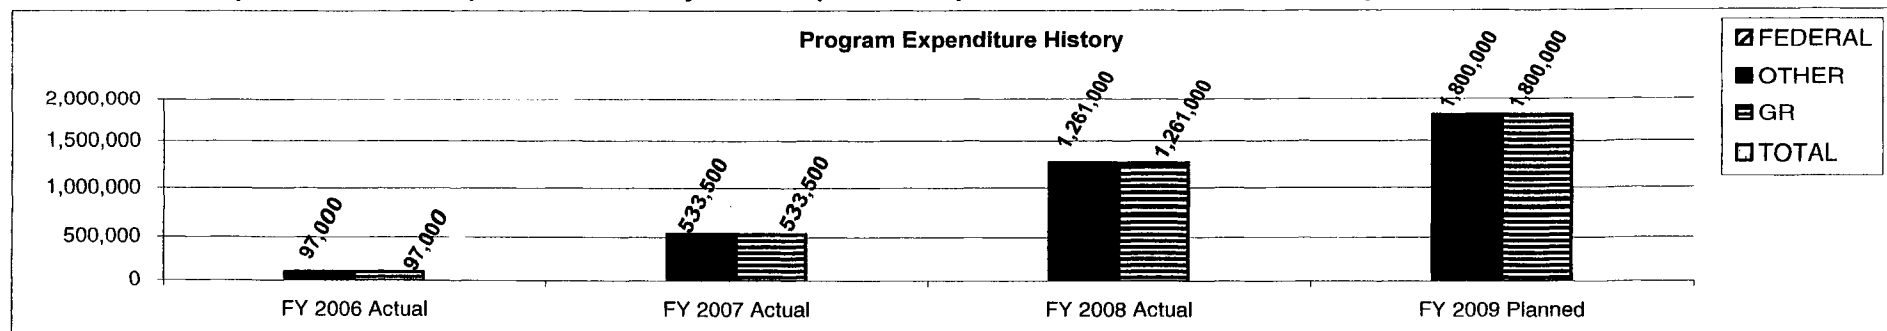

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Non-resident professional athletes and entertainers tax as mandated in 143.183, RSMo. Transfer from GR to MO Public Broadcasting Special Corp. (0887)

A \$1,270,000 transfer increase is requested for the Missouri Public Broadcasting Special Fund (0887). Since FY 2007, the Missouri Arts Council has been responsible for distributing State funding to Missouri's public television and radio stations in accordance with Sections 185.200-185.230 and Section 143.183, RSMo. The new funding will be used to enhance community services and cultural enrichment to over 4.7 million Missouri citizens. Funds will be used for local programming related to the needs and problems of the community served by the broadcast licensee. Seventy-five percent (75%) of the amount will be distributed to 4 public television broadcasting stations and twenty-five percent (25%) to 12 public radio stations, as provided for in Section 143.183, RSMo.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

This \$1,270,000 in new general revenue would be transferred to the Public Broadcasting Corporation Special Fund (0887) in FY10 and represents a portion of the Non-Resident Professional Athletes and Entertainers tax as described in Section 143.183, RSMo. A total of \$3,070,000 (\$1,800,000 core and this request of \$1,270,000) would be transferred into the Missouri Public Broadcasting Corporation Special Fund (0887). This \$3,070,000 million represents 10% of 100% of the estimated A&E tax collection of \$30.7 million. (Actual FY08 revenue was \$28.055 million.) This request follows the Governor's formula of increasing the percentage by 25% each year to reach 100%. The new funding will enable 4 public television and 12 radio stations to provide major programming to their communities.

2. CORE DESCRIPTION									
<p>This core decision item establishes the spending authority for the Missouri Division of Tourism Statewide Tourism Marketing Program as provided for in Sections 620.450 through 620.467, RSMo. Section 620.467, RSMo. identifies the tourism industry classification codes used to determine the amount of General Revenue funds to be transferred into the Tourism Supplemental Revenue Fund. Tourism is a major industry in Missouri with a total economic impact of more than \$13.1 billion. Over 293,500 Missouri workers are employed because of tourism. This \$24,181,966 core funding appropriation will be used to market the statewide tourism industry to the traveling public. Tourists look for new and exciting experiences as they plan their vacations. It is the responsibility of the Missouri Division of Tourism to promote attractions and destinations, both large and small, throughout the state, thus informing, and in fact, helping to close the sale to potential visitors deciding to travel in Missouri. The Missouri Division of Tourism utilizes research based marketing, followed by performance measurements to achieve optimum benefits from our marketing dollar. Given past performance, independent research shows that the FY08, budget of \$20.7 million, will add \$1.024 billion to our economy in tourist expenditures. The Division of Tourism is empowered to develop a marketing program to promote tourist attractions such as scenic sites, state parks, cultural and historic sites, recreational activities and destinations, and hunting and fishing areas. Specifically, the Division of Tourism is responsible for the selection of ad agencies, brand message, content and placement of ads, a web site, writing and printing of promotional literature, a public relations program, fulfillment of requests for tourist information, and the operation of seven Tourism Welcome Centers located at key entry points to Missouri.</p>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Authority for the Missouri Division of Tourism Statewide Tourism Marketing is provided for in 620.450 through 620.467. In 1993, the 86th General Assembly enacted legislation (RSMo. 620.467) to fund the Missouri Division of Tourism (MDT) through a formula based directly upon growth in tourism industry sales tax revenues within Missouri. This formula is based upon 17 tourism industry classification codes and is used to determine the amount of General Revenue funds to be transferred into the Tourism Supplemental Revenue Fund. This funding process makes the division self-sustaining by basing the subsequent year's funding on the success of MDT's efforts on behalf of Missouri's tourism industry as measured by the amount of new and returning tourism dollars coming into the state and generating tax revenue. Tourism is a competitive industry. The states with whom we compete for travelers understand this as well. Within that last few years, Tennessee increased their budget 46%, Michigan by 66%, Kentucky up 112% and Colorado up 143%. Other states such as Illinois and Texas, have budgets 40% to 60% larger than Missouri's. Travelers respond to this advertising and determine where to vacation after seeing and responding to ads placed in television, magazines, radio and newspapers. Therefore, to be successful in this environment, the division needs adequate funding to remain competitive. Funding this decision item would increase Missouri's visibility in an extremely competitive environment and bring MDT to a level of funding to further promote Missouri tourism to the traveling public. Currently, the Missouri Tourism industry is a \$13.1 billion industry that provides over 293,500 jobs and is considered one of the largest industries in the state. Independent research has shown that funding this decision item of \$3,000,000 would generate over \$148 million in additional spending by tourists that would choose Missouri as a vacation destination. Funding this decision item is necessary to allow the division to improve Missouri's competitive advertising strength--ultimately resulting in continued revenue growth for Missouri. Missouri has realized \$2.62 in state tax revenue for each dollar invested in the MDT budget. Given this past performance, this \$3 million appropriation will generate an extra \$7.86 million in tax revenue for Missouri.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Authority for the Missouri Division of Tourism Statewide Tourism Marketing is provided for in 620.450 through 620.467, RSMo. Section 620.467, RSMo identifies the formula and the 17 tourism related SIC codes used to determine the amount of General Revenue funds to be transferred into the Tourism Supplemental Revenue Fund. History has shown that each dollar in the Division of Tourism budget generates \$2.62 in state tax revenues. Given this past performance, this \$3,000,000 investment will generate an additional \$7.86 million in Missouri state tax revenue. Tourists look for new and exciting experiences as they plan their vacations. It is the responsibility of the Missouri Division of Tourism to promote both large and small attractions and destinations throughout the state, informing and in fact helping to close the sale to potential visitors deciding to travel in Missouri.

The requested funding would enable the Division of Tourism (MDT) to participate in special events that occur in Missouri throughout the year. By offering opportunities to attend special events, additional tourist dollars will be spent which directly results in additional revenue being generated in the state. Over the years, MDT assisted with numerous special events such as: The National Champion Offshore Boat Race, Lake of the Ozarks Bike Fest, Missouri Juneteenth Heritage & Jazz Festival, Gateway Classic and numerous Civil War Events. While the official beginning of the Civil War may appear in text books as 1861 at Fort Sumter, SC, historians contend that the first skirmishes (known as the Kansas/Missouri Border Wars) took place as early as the mid 1850s. As we approach the sesquicentennial of the Civil War, many celebratory events and reenactments are anticipated and being planned. This request for an additional \$1 million will enable MDT to recognize the significance of these historical events in Missouri.

2. CORE DESCRIPTION

This core decision item is the required General Revenue transfer that provides funding to the Tourism Supplemental Revenue Fund, which is the source of funding for the Division of Tourism. The authority for the Division of Tourism Statewide Tourism Marketing Program is provided for in Sections 620.450 through 620.467, RSMo. Section 620.467, RSMo identifies the tourism industry classification codes used to determine the amount of General Revenue funds to be transferred into the Tourism Supplemental Revenue Fund. Tourism is a major industry in Missouri with a total economic impact of more than \$13.1 billion. Over 293,500 Missouri workers are employed because of tourism. This \$23,659,810 core funding transfer will be used to market the statewide tourism industry to the traveling public. Tourists look for new and exciting experiences as they plan their vacations. It is the responsibility of the Missouri Division of Tourism to promote attractions and destinations, both large and small, throughout the state, thus informing, and in fact, helping to close the sale to potential visitors deciding to travel in Missouri. The Missouri Division of Tourism utilizes research based marketing, followed by performance measurements to achieve optimum benefits from our marketing dollar. Given past performance, independent research shows that the FY08 budget of \$20.7 million, will add \$1,024 billion to our economy in tourist expenditures. The Division of Tourism is empowered to develop a marketing program to promote tourist attractions such as scenic sites, state parks, cultural and historic sites, recreational activities and destinations, and hunting and fishing areas. Specifically, the Division of Tourism is responsible for the selection of ad agencies, brand message, content and placement of ads, a web site, writing and printing of promotional literature, a public relations program, fulfillment of requests for tourist information, and the operation of seven Tourism Welcome Centers located at key points to Missouri.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Tourism Supplemental Revenue Fund Transfer

Program is found in the following core budget(s): Tourism

1. What does this program do?

This transfer provides funding for the Division of Tourism. Tourism is a major industry in Missouri with direct and indirect expenditures in excess of \$13.1 billion. Our state hosts more than 34.3 million leisure travelers annually. Over 293,500 Missouri workers are employed because of tourism. The Missouri Division of Tourism utilizes research based marketing, followed by performance measurements to achieve optimum benefits from our marketing dollar. Given past performance, Independent research shows that in FY08 budget of \$20.7 million will add \$1.024 billion to our economy in tourist expenditures. The Division of Tourism is empowered to develop a statewide tourism marketing program to promote tourist attractions such as scenic sites, recreational activities and destinations, cultural and historic sites, state parks, hunting and fishing areas. Specifically, the Division of Tourism is responsible for the selection of advertising agencies; brand message; content and placement of ads; writing and printing of consumer and trade brochures, pamphlets and booklets; maintenance of a web site; a public relations initiative; and fulfillment of requests for tourist information regarding our state. Missouri Division of Tourism also represents the Missouri tourism industry in trade conferences and state, regional, national, and international organizations; and provide guidance and information to the traveling public through the operation of seven Tourism Welcome Centers located at key entry points to Missouri. Tourists look for new and exciting experiences as they plan their vacations. It is the responsibility of the Missouri Division of Tourism to promote attractions, and destinations both large and small, throughout the state, thus informing and in fact helping to close the sale to potential visitors deciding to travel in Missouri

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Authority for the Missouri Division of Tourism Statewide Tourism Marketing is provided for in 620.450 through 620.467. In 1993, the 86th General Assembly enacted legislation (RSMo. 620.467) to fund the Missouri Division of Tourism (MDT) through a formula based directly upon growth in tourism industry sales tax revenues within Missouri. This formula is based upon 17 tourism industry classification codes and is used to determine the amount of General Revenue funds to be transferred into the Tourism Supplemental Revenue Fund. This funding process makes the division self-sustaining by basing the subsequent year's funding on the success of MDT's efforts on behalf of Missouri's tourism industry as measured by the amount of new and returning tourism dollars coming into the state and generating tax revenue. Tourism is a competitive industry. The states with whom we compete for travelers understand this as well. Within that last few years, Tennessee increased their budget 46%, Michigan by 66%, Kentucky up 112% and Colorado up 143%. Other states such as Illinois and Texas, have budgets 40% to 60% larger than Missouri's. Travelers respond to this advertising and determine where to vacation after seeing and responding to ads placed in television, magazines, radio and newspapers. Therefore, to be successful in this environment, the division needs adequate funding to remain competitive. Funding this decision item would increase Missouri's visibility in an extremely competitive environment and bring MDT to a level of funding to further promote Missouri tourism to the traveling public. Currently, the Missouri Tourism industry is a \$13.1 billion industry that provides over 293,500 jobs and is considered one of the largest industries in the state. Independent research has shown that funding this decision item of \$3,000,000 would generate over \$148 million in additional spending by tourists that would choose Missouri as a vacation destination. Funding this decision item is necessary to allow the division to improve Missouri's competitive advertising strength--ultimately resulting in continued revenue growth for Missouri. Missouri has realized \$2.62 in state tax revenue for each dollar invested in the MDT budget. Given this past performance, this \$3 million appropriation will generate an extra \$7.86 million in tax revenue for Missouri.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

This transfer provides funding for the Division of Tourism. Authority for the Missouri Division of Tourism Statewide Tourism Marketing is provided for in 620.450 through 620.467, RSMo. Section 620.467, RSMo identifies the formula and the 17 tourism related SIC codes used to determine the amount of General Revenue funds to be transferred into the Tourism Supplemental Revenue Fund. History has shown that each dollar in the Division of Tourism budget generates \$2.62 in state tax revenues. Given this past performance, this \$3,000,000 investment will generate an additional \$7.86 million in Missouri state tax revenue. This request is the General Revenue transfer to the Tourism Supplemental Revenue Fund (0274). The requested transfer increase would enable the Division of Tourism to participate in special events that occur in Missouri throughout the year. By offering opportunities to attend special events, additional tourist dollars will be spent which directly results in additional revenue being generated in the state. As we approach the sesquicentennial of the Civil War, many celebratory events and reenactments are anticipated and being planned. This request for an additional \$1 million will enable MDT to recognize the significance of these historical events in Missouri.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 42465C BUDGET UNIT NAME: 3662 - Film Commission PS 0101 3674 - Film Commission EE 0101	DEPARTMENT: Economic Development DIVISION: Office of the Film Commission
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.	
DEPARTMENT REQUEST	
The department is requesting 100% flexibility between the Personal Service and/or Expense and Equipment appropriations for the Office of the Film Commission. This increased flexibility is needed to ensure our ability to immediately address any identified operational modifications to ensure the provision of the highest quality services to Missourians. Because of the office's unique situation with being relocated in Jefferson City on July 1, 2008 and still being paid through an agreement with the University of Missouri, 100% flexibility would allow the department to use the entire appropriation of \$250,000 for Office of the Film Commission salary and operational expenses. PS - \$97,480 EE - \$152,520	
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.	
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	Expenditures in PS and E&E will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc.
3. Please explain how flexibility was used in the prior and/or current years.	
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
In FY2008, Administrative Services did not use any flex.	In FY 2009, the Office of the Film Commission was appropriated 20% flexibility between the PS and E&E appropriations.

2. CORE DESCRIPTION

Section 215.034, RSMo. states "At the conclusion of each fiscal year, the state treasurer shall allocate all moneys in the Missouri Housing Trust Fund to the Missouri Housing Development Commission for disbursement and investment as directed by this section." These funds consist of \$3 of the recording fee on real estate-related documents established in Section 59.319, RSMo. The objective of the Missouri Housing Trust Fund is to increase the availability of affordable housing for low-income and homeless Missourians. By statute, the funds must be used to benefit households earning 50% of area median income or less and at least half of the funds must be used to benefit households earning 25% of area median income or less. According to 2000 Census data, there are over 98,000 families in Missouri paying more than 50% of their income for rent and over 71,000 families living in substandard housing.

For the 2008 application cycle, MHDC received application requests totaling \$18,837,195, but the Trust Fund had received only \$4,756,547 to disburse.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 42620C BUDGET UNIT NAME: 1031 - Office of Public Counsel PS 0101 2202 - Office of Public Counsel EE 0101	DEPARTMENT: Economic Development DIVISION: Office of Public Counsel
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.	
DEPARTMENT REQUEST	
<p>The department is requesting 25% flexibility between the Personal Service and/or Expense and Equipment appropriation. This increased flexibility is needed to ensure our ability to immediately address any identified operational modifications to ensure the provision of the highest quality services to Missourians. Because of the office's tight budget and history of using virtually all of Personal Services and E&E allocations each year, the added flexibility will allow us to operate more efficiently.</p> <p>PS - \$657,634*25% = \$164,409 EE - \$223,175 *25% = \$55,794</p>	
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.	
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$3,987 from EE to PS	Expenditures in PS and E&E will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc.
3. Please explain how flexibility was used in the prior and/or current years.	
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
\$3,987 from EE to PS to cover salary.	In FY 2009, Office of Public Counsel was appropriated up to 25% flexibility between PS and E&E appropriations. This will allow the department to respond to changing situations to continue to provide the best possible, quality service to our customers.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: PSC Regulatory Core

Program is found in the following core budget(s): Public Service Commission Regulatory

1. What does this program do?

The Missouri Public Service Commission (PSC) has the statutory responsibility of ensuring that consumers receive adequate amounts of safely delivered and reasonably priced utility services at rates that will provide the utility companies' shareholders the opportunity to earn a reasonable return on their investment. Much of the Commission's work is conducted through formal contested case hearings, similar to court proceedings. The Commission regulated the rates and practices of investor-owned local telephone, water, sewer, gas and electric companies. The PSC also administers the state's deaf relay program, Relay Missouri, which allows speech or hearing impaired people to communicate with hearing people by using a communications assistant who "relays" the conversation to the other party. In addition, the Commission regulates the manufacture and sale of new manufactured and modular homes, and the installation of those homes, issues video service authorizations to entities providing video programming and registers Voice-over-Internet (VoIP) communication providers.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapters 386, 392, 393 RSMo

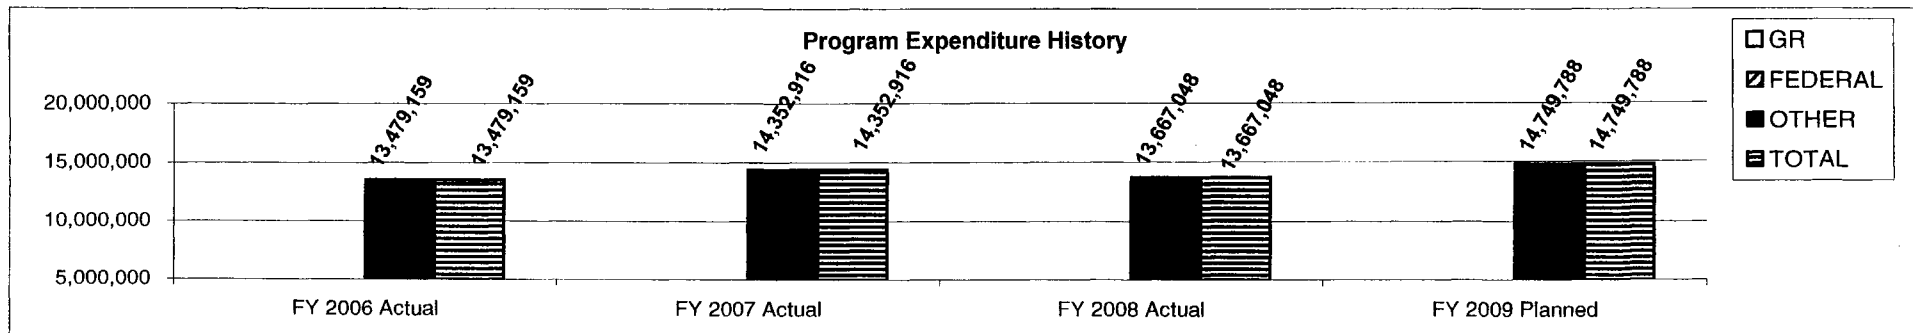

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

PSC Fund (0607) and Deaf Relay Services & Equipment Distribution Fund (0559)

Number of regulated utilities that are investment grade: Investment grade meaning selling stock/debt issuances on the open market and the utility is rated by three of the national rating institutions such as Moody's, Standard & Poor's, and Fitch. Missouri has seven market-traded regulated utilities.

*Total Missouri customers served by the seven market-traded investment grade utilities which have credit ratings established by the National Rating Institute is approximately 3,568,130. Some Missouri customers may use the services of up to three of the seven investment grade utilities at one time.

7b. Provide an efficiency measure.

The Public Service Commission has only a low number of employees in the Utility Regulatory Engineer series and that creates unique analytical challenges. The PSC experiences recruiting challenges similar to other Engineer positions. As the cost of energy has risen, so has the competitiveness in the recruitment of Engineers interested in this type of work so the Personnel Advisory Board recommends a two step within-grade increase for Utility Regulatory Engineer I, II and Utility Regulatory Engineering Supervisor. The Board also recommends a Utility Engineering Specialist I, II and III to maintain internal equity with the Utility Regulatory Engineer series.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Personnel Advisory Board recommends a two step within grade for the following positions - Utility Regulatory Engineer I, II, Utility Regulatory Supervisor, Utility Engineering Specialist I, II and III.

Three Workforce Development fleet vehicles and two Public Service Commission vehicles exceed or will exceed the 120,000 mile criteria for replacement in FY2010. In addition, the 1996 Chevy Astro cargo van used by Workforce Development is requested to be replaced (114,450 miles as of 6/30/08).

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

DWD - Federal Funds - The current State Contract pricing is being used: \$16,212 per sedan or \$48,636 for three vehicles. Estimated cost for van: \$16,511. Total estimated vehicle replacement cost - Federal Funds: \$65,147.
PSC - Public Service Commission Fund (Other fund) - The current State Contract pricing is being used:
Two (2) vehicles at \$36,513 (1 Gas Safety Program vehicle \$ 20,301 and 1 PSC Pool vehicles \$16,212). Gas Safety Program Vehicle – approximately 40% cost reimbursement from Federal DOT and remaining funding from PSC Fund 0607. Requesting funding for one (1) SUV. At times, comprehensive inspections of natural gas systems and inspections of pipeline construction projects require staff to take gravel/dirt roads to access and inspect remote pipelines and/or regulator stations. Emergency inspections are conducted day or night and also during inclement weather. An SUV would provide a safer means of transportation for personnel in these situations.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

A voter initiative petition (SAO-08-12) that would establish certain renewable energy standards for electric utilities was circulated this year for submission at the next general election. When it reviewed the initiative last December for a fiscal note request made by the State Auditor's Office, the Commission determined it would require additional FTE and related costs to implement the initiative's provisions.

The law would require the Commission to develop rules which would: set a minimum generation amount from certain renewable energy sources; allow retail sales to increase by 1% to recover the cost of implementing the renewable energy requirements; assess penalties for non-compliance; allow recovery in rate cases for costs incurred (and require pass-through to customers of any savings achieved).

There would be additional costs for regulatory oversight, investigations, and litigation. Also, constant monitoring and auditing of the electric utilities cost of compliance for prudence would be required, as these costs would be allowed to be recovered in customers' rates outside of a rate case.

There would be ongoing monitoring of the costs to meet the standards and still stay below the 1% cap increase in rates. This monitoring would require expertise regarding the renewable technology, the financing of projects and the impact on the utility's rates.

The initiative provides that the Commission immediately implement a major new program for tracking and verifying the trading of Renewable Energy Credits (REC), and Commission staff would be required to review and monitor that new program.

Staff would be responsible for developing rules, implementing and administering the renewable energy credit program, overseeing company progress towards mandated percentages, developing and presenting testimony in all litigation related to the programs and duties mandated by the voter initiative.

2. CORE DESCRIPTION

The Manufactured Housing Department, housed within the Public Service Commission, is required by statute (Section 700.010 - 700.692 RSMo) to: 1) annually register manufacturers and dealers of manufactured homes and modular units, and new manufactured home installers; 2) prescribe and enforce uniform construction standards for manufactured homes and modular units sold in the State of Missouri; and 3) enforce manufactured home set up and tie-down requirements. The Manufactured Housing Program acts as the State Administrative Agency (SAA) to the Federal Housing and Urban Development's Manufactured Housing Program in an effort to assure safe and affordable housing for consumers with emphasis on safety. The SAA provides this assurance by responding to consumer complaints, conducting manufactured home inspections and performing dealer lot inspections and manufacturing plant record reviews. It also provides installer and inspector training. These functions directly increase the number of manufactured homes that are code compliant and installed correctly, in addition to providing consumers with safe and adequate housing. The Program also enforces similar policies for the modular unit industry.

The transfer of a biennial lapse to the General Revenue fund is permitted under Chapter 700.040.3 RSMo if the fund amount exceeds two times the appropriation of the prior fiscal year. Lapsed monies are primarily due to various containment measures implemented within the Manufactured Housing Department.

The Manufactured Housing Recovery Fund was created in SCS SB 788, signed by the Governor on July 10, 2008. It became effective August 28, 2008. Section 700.041 of the bill establishes the "Manufactured Housing Customer Recovery Fund" for the purposes of paying consumer claims pursuant to the procedures the PSC promulgates by rule. The law provides that no claims shall be considered by the commission before all other legal remedies have been exhausted.

The spending authority is needed to implement the statute (SCS SB 788, Chapter 700).

The Manufactured Housing Recovery Fund was created in SCS SB 788, signed by the Governor on July 10, 2008. It became effective August 28, 2008. Section 700.041 of the bill establishes the "Manufactured Housing Customer Recovery Fund" for the purposes of paying consumer claims pursuant to the procedures the PSC promulgates by rule. The law provides that no claims shall be considered by the commission before all other legal remedies have been exhausted.

Without a fund transfer, the Recovery Fund cannot be used for its statutory purpose.

If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The law provides that "the total amount in the manufactured housing consumer recovery fund shall not exceed thirty-two percent of the amount of the annual appropriation of the manufactured housing fund from the preceding fiscal year." Including fringe benefits and other transfer payments from Fund 0582, the annual appropriation for the prior year (FY2009) will be approximately \$600,000. Accordingly, the maximum transfer amount is \$192,000. The amount actually transferred will be determined based on the balance of the fund at the time and the fiscal year appropriation for the manufactured housing program's operations.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The requested Senior Office Support Assistant (Keyboarding) 0.50 FTE was lost as part of a core budget reduction exercise in FY 2007. This request would restore a 0.50 FTE for that position, but no additional dollars are being requested. Since the core reduction, the program has employed a permanent part-time one-half FTE employee, and it has used a temporary part-time non-FTE position to allow flexibility in managing the program's workload throughout the year. At this time, because of the stabilization of the manufactured housing program's workload on an annual basis, the temporary part-time employee now is working the maximum allowable hours. It would be more practical and efficient to have one full-time employee. Approval of this request would help ensure employee retention in the full-time position, and avoid continual training of revolving temporary part-time employees.

The program's workload has been spread out more on an annual basis due to the tasks related to the required implementation of the federally-mandated HUD Manufactured Housing Improvement Act of 2000. State implementing legislation (SB 1096) was passed in the 2004 session, and the federal mandate was fully implemented by the PSC July 1, 2005. Industry fees were established to pay for the program costs.

Division: Public Service Commission

DI Name: 0.50 FTE Manufactured Housing Program DI#1419030

The federal law established three additional functions for the state manufactured housing program:

- 1) certification & licensing of all new HUD home Installers;
- 2) random and required site inspections of new HUD home sites both prior to and after the installation of the homes are complete to ensure proper site preparation and home installation; and
- 3) establishment of a dispute resolution process.

The PSC must annually certify and register approximately 150 installers for required education classes and continuing education classes; annually conduct approximately 400 site inspections; and, on an "as needed" basis, perform Dispute Resolution Hearings. The licensed installers also must file monthly activity reports which contain data that has to be recorded and filed. Additionally, the PSC must issue and provide installation decals for each home as verification that the home is installed by a licensed installer. Approximately 2,000 decals are issued annually. Having one trained employee under a single FTE position will help ensure processing of all the required documents, certifications, decals, etc. in a timely manner throughout the year.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

This request would restore a 0.50 FTE for that position, but no additional dollars are being requested. The additional 0.50 FTE would create one full-time employee to ensure processing of all required documents, certifications, decals, etc. in a timely manner throughout the year.

In the FY09 Legislative Session, it was decided that the Film Commission would be moved back to Jefferson City from the University of Mo. The two employees are not currently vested with the MU retirement system, so their time would not transfer to MOSERS. 2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This spending authority is needed for the "Manufactured Housing Consumer Recovery Fund" so SCS SB 788 can be implemented.

The Manufactured Housing Recovery Fund was created in SCS SB 788, signed by the Governor on July 10, 2008. It became effective August 28, 2008. Section 700.041 of the bill establishes the "Manufactured Housing Customer Recovery Fund" for the purposes of paying consumer claims pursuant to the procedures the PSC promulgates by rule. The law provides that no claims shall be considered by the commission before all other legal remedies have been exhausted.

Without spending authority, the Recovery Fund cannot be used for its statutory purpose. This one-time supplemental appropriation will ensure that funds are available in the Recovery Fund at the beginning of the next appropriation cycle.

The law provides that "the total amount in the manufactured housing consumer recovery fund shall not exceed thirty-two percent of the amount of the annual appropriation of the manufactured housing fund from the preceding fiscal year." Including fringe benefits and other transfer payments from Fund 0582, the annual appropriation for the prior year (FY2009) will be approximately \$600,000. Accordingly, the maximum transfer amount is \$192,000. The amount actually transferred will be determined based on the balance of the fund at the time and the fiscal year appropriation for the manufactured housing program's operations.

Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)

The law provides that "the total amount in the manufactured housing consumer recovery fund shall not exceed thirty-two percent of the amount of the annual appropriation of the manufactured housing fund from the preceding fiscal year." Including fringe benefits and other transfer payments from Fund 0582, the annual appropriation for the prior year (FY2009) will be approximately \$600,000. Accordingly, the maximum transfer amount is \$192,000. The amount actually transferred will be determined based on the balance of the fund at the time and the fiscal year appropriation for the manufactured housing program's operations.

Implementation costs related to the passage of SCSS.HDC.HB 2041. Individuals are required to make an unemployment claim within 14 days from the last day of the week being claimed, but that period may be extended to 28 days for good cause. Claimants must report to an employment office to participate in a reemployment assessment and reemployment services in order to qualify for unemployment benefits unless these requirements are waived for good cause.

117,120 Unemployment Insurance (UI) claimants visited Missouri Career Centers in FY08. Based on current data, that number will increase by 15% to 134,688 in FY09. Of the UI claimants that visit the centers, it is estimated that 41% of them are already obtaining assistance as required in HB 2041, leaving 59% of 134,688 claimants being affected. This calculates to 79,466 UI claimants that will need to participate in re-employment assessment and re-employment services. Each claimant will require one hour of DWD career center staff time (79,466 staff hours) or 38 FTE (79,466 hours divided by 2080 work hours per year per FTE = 38 FTE) to provide the services as required in HB 2041. The amount in the TAFP for personal services of \$910,285 (FY10 projected salary) was based on an estimated number of claimants for FY08 and did not reflect the increase for FY09. This increase resulted in an addition of 8 FTE (Workforce Development Specialist I's).

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.									
<p>Most Unemployment Insurance (UI) claimants are required to report in person to a Missouri Career Center once every four weeks during the claim. Typically, it is only at the first in-person reporting that UI claimants are given a brief orientation on how to access the UI reporting screen and make the entries of their social security number and personal identification number to complete the reporting transaction. Although claimants may look for work during the visit to the Career Center, this is not a part of the in-person reporting requirement and is not a UI function.</p> <p>Historically, the Department of Labor and Industrial Relations (DOLIR) compensated the Division of Workforce Development (DWD) for the work DWD staff performed (and continues to perform) on DOLIR's behalf with UI customers who do four-week reporting at DWD career centers. DWD assist UI customers since DOLIR no longer has staff located in MO career centers.</p>

3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? How many positions do the requested FTE equal and for how many months do you need the supplemental funding? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)

The average duration of claims in Missouri is 13.8 weeks. This means that, on an average, a claimant required to report in person would visit a Career Center three times during the duration of the claim. A reasonable amount of time to fully orient a claimant to the in-person reporting transaction would be between 5 and 10 minutes. After the initial orientation the claimant should not require staff assistance, they would simply follow the procedure of proceeding to the computer and entering the required information. For ease of calculation, an average of 9 minutes per orientation will be used. Because in-person transactions are counted every time a claimant reports rather only for the initial reporting (orientation), the time considered for each transaction will be 3 minutes. There are 2080 work hours or 124,800 work minutes per year. Using an average cost per position of \$50.193.90, which includes benefits, the cost per minute would be \$0.40. At this rate, the reimbursement for each transaction would be \$1.20. UI fluctuates with economic cycles. With this method of compensation, any increase in UI reporting workload will result in the proportionate increase in the amount compensated. The amount billed to and paid by DOLIR in FY08 was \$421,632. Based on current data, that amount will increase by 15% to \$484,877. **Authority and funding for 9.7 federal FTE's were core cut to provide for the GR funded 9.7 FTE required in this Supplemental Decision Item. If this is not funded it will be necessary to restore this cut because these positions are currently filled.**

Total annual costs for use, maintenance and replacement of telecommunications equipment and circuit charges were \$412,192.59. Based on current data, that amount will increase by 15% to \$474,021.48. OA ITSD has determined that the percentage of these costs that are the result of the In-Person Reporting Sytem used by Unemployment Insurance claimants is 20%, which totals \$94,804.
